Open Air Burning – Important Fire Permit Information

In an effort to limit the spread of COVID-19 and to minimize physical contact with the public, our Municipal Office remains closed temporarily. For these reasons, we will not be issuing fire permits at this time. Campfires are permitted providing you follow the regulations as stated in the By-Law. We expect that you follow the regulations and when our office opens please stop in for a permit.

You may continue to have a campfire after without a permit, however, please remember the following details and regulations apply with regards to campfires:

- Campfire size is no larger than 2 feet by 2 feet – a fire larger than 2 feet by 2 feet is no longer considered to be a campfire
- Do not have a campfire within 6 metres of a dwelling or structure
- All campfires must be supervised by an adult (a person 18 years or older) and can never be left burning without an adult attending the fire
- Make sure you have the ability to suppress the fire in the event of an emergency – water, shovels, rakes, sand
- Make sure your fire is fully extinguished before leaving the site
- Do not have a campfire if the wind speed is greater than 20 km/h
- Do not burn garbage, plastic, rubber etc. – dry wood only
- You may have a campfire between the hours of 6:00 pm ad 10:00 am only – no day time burning is allowed
- Make every effort to avoid creating a nuisance for your neighbour while having your fire

Please remember you are responsible for managing fire safety and failure do so may result in fines and payment of any/all fees required to extinguish the fire.

Please check the Village of Sundridge website and Fire Rating signs for information regarding the current Fire Rating in the area.

For more information please refer to the Open-Air Burning By-law which can be found on the website (or linked here...)
